-English only game.

-Try to talk in any other language, a CM (Chat Moderator) will warn, mute or ban you.

-The intro says that you are free to do what you want with the world, but that is under the discretion of the GMs. The GM's have a "play nice" rule: but what it really means is if they just do not like you, they can harass you.

F.Y.I. : 8 years of playing the non-steam version of the game.

Hi Arianaauburn,

We do have a non english chat channel to use, and will be looking at adding more languages, English is the main language due to our ability to moderate it.

As for the play nice rule, a GM will always talk with you before taking any action, we seek to have everyone feel welcome and will do everything in our power to do so!
