Game is a work of art, but ruined by staff. After spending \$100 for ingame silver and playtime my deed was wiped out by a GM and player. No help from anybody. Whats worse is the MASSIVE amounts of time i have wasted due to theft. Please fix in game GM controls or add better oversight from the higher ups. Do not recommend to anybody ever! from 1-10. the game gets a -10.

this is a great game dont get me wong, something i've been searching for, for years... But is unplayable due to the massive amounts of time you could completely lose at any moment..

Call it a fake review all you want fella. It does happen. A long ass time ago on exodus we had our canal wiped out by a GM because a donkey that was running a RWT business complained that we "built over their land". Yes, land that was half way across the map. That we dedeed. Uh huh. Reasonable.
